PREFACE

The following table provides a high-level overview of COVID-19-related restrictions in countries in the Asia-Pacific region, including whether stay-at-home orders are in effect or non-essential businesses are open, broken down by region and country. Where available, links to government websites providing information on the virus have been provided. In some cases, government information specifically for businesses is available, and in such instances these links have been provided. This table will continue to be updated as conditions change.
